

MENU and FOOD Project

Français 8

Nom: _____

Date: _____

You may work individually or in pairs. However, **IF you work in pairs**, you must be able to get together with them on the weekend to prepare a food dish! If you cannot do this, you will need to work alone. I am also expecting a higher quality menu if you work in pairs.

Assignment:

You will research information about French foods and make a menu that could be used in a French restaurant, coffee shop or bistro. You will then choose one dish to prepare for the class on the following date:

_____.

Your menu must include 6 sections:

1. **COVER PAGE** (Name, French Address, French Phone number and Picture of restaurant)
2. **LES BOISSONS FROIDES ET CHAUDES** (4 different drinks (hot and cold), some pictures + prices in Euros)
3. **LES HORS D'ŒUVRES** (3 different appetizers and descriptions in English, some pictures + prices in Euros)
4. **LES PLATS PRINCIPAUX** (3 different main dishes/entrées and descriptions in English, some pictures + prices in Euros)
5. **LES DESSERTS** (3 different desserts and descriptions in English, some pictures + prices in Euros)
6. **BIBLIOGRAPHY** (You must include a list of the resources you used for your research and for your photos)

Your prices must be realistic. Use the following online-currency converter to calculate your prices:

<http://www.xe.com/ucc/>. Your menu can be created on Microsoft Publisher or any other program so that your menu looks colourful and appealing. It can also be done BY HAND!

Evaluation:

Category	4	3	2	1	0
Observing Criteria /8	All the required elements are included in the menu.	Most of the required elements are included.	Sections of the menu are incomplete.	Entire sections of the menu are missing.	Unacceptable.
